

Dear Applicant:

The College is pleased to provide this application for a Postgraduate Education certificate of registration for an elective appointment.

Note that this application package is for graduates of accredited medical schools in Canada or the United States of America who are currently enrolled in a postgraduate medical education program at an accredited medical school in Canada or the United States and have an appointment to an elective at a medical school in Ontario.

The elective must not exceed fifteen weeks. If it does, an application must be made for a regular Postgraduate Education certificate of registration.

This application package contains the following:

- Schedule of Requirements
- Information about the Certificate
- Application, Credentialing, and Payment Forms

For issuance of the Postgraduate Education certificate of registration, you must complete this application form and all other requirements set out in this schedule. This is a list of the minimum credentialing requirements. Following an initial assessment of your application, you may be required to provide additional information or arrange for third-party documents.

To ensure that your certificate is issued in time for your elective starting date, we urge you to apply at least eight to ten weeks in advance and follow all instructions carefully. This recommendation ensures that supporting documentation is sent to the College in advance of your appointment.

For detailed information relating to registration process and timelines, you must review the General Guidelines Registration Process and Timelines document available under Related Links on the Registration Applications and Forms page.

Should you have any questions, please contact the Applications and Credentials Department at (416) 967-2617, Monday to Friday 9:00 am to 5:00 pm EST.

The College looks forward to receiving your application, and wishes you a successful and rewarding training experience in Ontario.

Sincerely,
Applications and Credentials Department

This schedule contains detailed information regarding the requirements for registration:

☐ PART A - The requirements to be returned by you

☐ PART B - The requirements you must arrange to be completed by third parties.

All requirements in this schedule must be completed. Please follow instructions carefully.

PART A:**REQUIREMENTS TO BE SENT BY APPLICANT****Application Form**

Your application form must be fully completed and the declaration on the last page must be signed. We do not take action on incomplete or e-mailed forms. Ensure that your photograph is full face, of passport size and quality, and taken within six months of completing the form. **Please ensure that you read the instructions and answer each question carefully.** Note that for every “Yes” response, in sections (a)-(g) must be explained in writing and supported by the required background documents or third-party reports.

In section (h), you will be required to report on exposure-prone procedures and blood-borne pathogens. For assistance with these questions, we strongly recommend that you review the CPSO policy on Blood Borne Viruses and FAQ.

Note for Elective Trainees From Quebec: Memorandum of Insurance – Medical Malpractice Liability Insurance issued by Direction des Assurances du Reseau de la Sante et des Services Sociaux (DARSSS) of L’Association Quebecoise D’Etablissements de Sante et de Services Sociaux (AQESSS) is acceptable. The memorandum signed by the AQESSS official must confirm that you are insured for a minimum of \$10 million for the elective period specified on the Letter of Appointment issued by the Postgraduate Medical Education office at an Ontario medical school. In case of discrepancy relating to insured period or amount, you will be required to arrange for a revised letter.

Any conflicting or false responses will require written explanation.

Applications not completed after one year will be considered withdrawn.

Evidence of Canadian Citizenship or Permanent Resident Status

One of the following is required:

- i. Proof of valid Canadian citizenship in form of valid Canadian passport.
- ii. Copy of both sides of your Permanent Resident card issued by Citizenship and immigration Canada under the immigration and Refugee Protection Act.

Medical Degree from an Accredited Medical School

A legible photocopy of your medical degree medical school is required. Medical degrees issued in Latin are also acceptable.

Disclosure of Criminal Record Information

You are required to arrange for a criminal record check using the Canadian Police Information Centre (CPIC) database, which can be obtained from a municipal or provincial police service in Canada. A vulnerable persons check is always acceptable. Checks by third-party commercial vendors, including online vendors, and checks obtained from a service agency outside Canada are not accepted.

Ensure your criminal record check covers:

- i. Current and all previous names;
- ii. Convictions and current charges – both are required
- iii. Correct date of birth

Please refer to the “Guide for Acceptable Criminal Record Checks” posted on the College’s website for additional assistance. Select the Registration menu at the top, followed by Registration Applications and Forms and access the document on the right side of the page.

Once obtained, please forward your criminal record check results to the College. Do not wait for your results to submit with your application, as this will delay the processing of your file.

If your check indicates a possible match in the CPIC system, fingerprint verification from the Royal Canadian Mounted Police (RCMP) will be required to complete the screening process. You will be notified if this applies to you.

Applicants residing outside of Canada must take into consideration the Canadian criminal record check processing time of a minimum of 14 business days.

The results of a criminal record check remain valid 6 months from the date of issuance.

Consecutive Elective Appointments

If you have confirmed back to back electives at more than one medical school in Ontario, you are required to complete all requirements outlined in this schedule.

Program Director's Approval form must be completed for each elective. Letters of Appointment will be required from the Postgraduate Medical Education office at each Ontario medical school.

Postgraduate Education Certificate of Registration

In addition to the requirements set out in the regulation and/or policy, all applicants applying for registration in Ontario must satisfy the non-exemptible requirements in subsection 2(1) of [Ontario Regulation 865/93](#)

Do not begin training in Ontario until you have received confirmation that you are registered. Your CPSO membership number will appear in the “Public Register Info” feature of our website at www.cpso.on.ca. You can find your profile by doing a name search. If your name does not appear with an “active member” status, you have not yet been registered.

Note that the effective date of your certificate will match your appointment starting date, unless your application remains incomplete. The College cannot back-date a certificate of registration.

This certificate will carry the following standard terms, conditions and limitations:

1. The holder of this certificate shall practise medicine only as required by the postgraduate medical education program in which the holder is enrolled at [Ontario medical school];
2. The holder shall prescribe drugs only for in-patients or out-patients of a clinical teaching unit that is formally affiliated with the department where he or she is properly practising medicine and to which postgraduate trainees are regularly assigned by the department as part of its program of postgraduate medical education;
3. The holder shall not charge a fee for medical services;
4. The certificate expires on the earlier of the following times:
 - a. When the holder is no longer enrolled in a program of postgraduate medical education provided by a medical school in Ontario; or when
 - b. When the holder no longer holds Canadian citizenship, permanent resident status or a valid employment authorization under the Immigration Act (Canada).

Subsequent Elective Applications

The Postgraduate Education certificate of registration is terminated at the end of each elective period. It is an offence to engage in postgraduate training with an expired certificate.

Trainees returning to Ontario for a subsequent elective appointment will need to apply for a new certificate of registration. This includes completing a new application form and submitting all required credentialing documents along with payment of an application fee.

10. PROFESSIONALISM, CONDUCT, CHARACTER AND SUITABILITY TO PRACTISE MEDICINE

Each question must be answered carefully and honestly. Clarify any uncertainties with the College before you answer the questions. If you do not fully understand what a question means or how it should be answered, contact the College for assistance.

Any errors, discrepancies or omissions in your answers, no matter how minor, will delay your application and may require review by the College's Registration Committee.

Ensure that you consider any past practice in Ontario when responding to the questions and that your responses are consistent with those in any previous application you have made to the College.

For every "Yes" response, you must provide sufficient explanation and documentation. Without this, the College cannot proceed with your application. Later in the process, the College may ask you for further explanation or documentation.

If the events or circumstances behind any "Yes" response raise reasonable doubts about whether you fulfill the registration requirements, your application must be referred to the Registration Committee for review.

Be assured, however, that not every "Yes" response requires Registration Committee review, and that in either case your honest and frank disclosure will be appreciated by the College.

The College has a **non-exemptible requirement** for registration that the conduct of the applicant, including the applicant's past conduct, affords reasonable grounds for belief that the applicant:

- (iii) has sufficient knowledge, skill and judgment to engage in the medical practice authorized by the certificate, and

12. CONSENT FOR RELEASE OF INFORMATION: MEDICAL INFORMATION NUMBER OF CANADA

For the purpose of generating the Medical Information Number of Canada (MINC) number that will be permanently assigned to you or for checking the existing MINC number, completion of this part of consent section is required. Please read the details about the MINC system and answer the question below.

Not Applicable - Consent provided with the previous application made to this College.

A medical identification number system has been developed with the goal of providing a reliable means of identifying every individual in the Canadian medical education and practice systems.

A not-for-profit corporation (whose legal name is noted above), known as "MINC#NIMC", has been incorporated by the Federation of Medical Regulatory Authorities of Canada (FMRAC) and the Medical Council of Canada (MCC) for the sole purpose of administering the MINC number system.

A MINC number will be issued to all individuals (who consent in writing) at the time of their initial, even temporary, entry to any aspect of the Canadian medical education or practice systems, including undergraduate students, postgraduate trainees, applicants to the MCC examinations, and physicians of any registration status. Once assigned, an individual's MINC number will remain unchanged throughout his/her entire medical career. Assigned numbers will never be reused, even after the death of the individual. Individuals will carry the same MINC number, even if they leave Canada and return, move between jurisdictions or change registration status.

No information is encoded in an individual's MINC number, other than a country code (CA for Canada) and a profession code (MD for Medicine). The MINC number does not imply any special privilege, rights or status; it is simply a series of letters and numbers for identification purposes.

Upon the consent of an individual, the MCC or a provincial/territorial medical regulatory authority will submit personal information to MINC#NIMC as follows: name(s), gender, date of birth, country of birth and year and university of graduation (note: previous names if applicable and other identifiers if necessary to confirm identity may also be submitted), collectively referred to as the Core Information.

MINC#NIMC will use Core Information to either generate or confirm a MINC number for individuals and will retain the Core Information and its associated MINC number in its system for

the purposes of uniquely identifying individuals and ongoing identity confirmation by Prime Users and Licensed Users of the MINC system. Prime Users are the 12 medical regulatory authorities in Canada, as well as the MCC.

Not-for-profit and public sector organizations that are involved in the education, certification, licensure or professional practices of physicians in Canada may apply to MINC#NIMC for a license to use the MINC number system as a means of accurately identifying individuals with whom they have dealings, processing information relating to those individuals, and linking or exchanging physician information with other Licensed or Primary Users for Approved Purposes such as the compilation of statistics, the development of profiles, the administration of programs or benefits, the management of the health system and research.

Licensees agree to comply with MINC#NIMC's Privacy Code, with privacy, security and confidentiality provisions, and with applicable privacy legislation as part of their licensing agreements.

The MCC and the twelve Canadian medical regulatory authorities will have controlled access to both MINC numbers and Core Information in order to facilitate the performance of their regulatory responsibilities. The only information that shall be disclosed to Licensed Users shall be the MINC numbers for their own members.

For a more complete description of MINC#NIMC, including the details of its Privacy Code and a list of all Prime Users and Licensed Users and their approved uses, consult its website at www.minc-nimc.ca, or contact MINC#NIMC directly at:

Yes

I further consent to MINC#NIMC storing the MINC number and my Core information in its database and disclosing the MINC number to Prime and Licensed Users and my Core Information to Prime Users as outlined above. Completion of this form is required by the College of Physicians and Surgeons of Ontario (CPSO) as part of an application for registration authorizing postgraduate education for an elective at an Ontario medical school.

The form must be completed by the program director after having been signed and dated by the applicant.

If not submitted with application for registration, the completed form can be emailed to the College's Applications and Credentials Department at credentials@cpso.on.ca.
