

Dear Applicant:

The College is pleased to provide this application for a Pre-Entry Assessment Program / Postgraduate Education certificate of registration for International Medical Graduates (IMGs) with a confirmed Residency appointment in Ontario.

This application package contains the following:

- Schedule of Requirements
- Information about the Certificate
- Application, Credentialing, and Payment Forms

Before you commence your residency, you must complete successfully a Pre-Entry Assessment Program (PEAP). During both the PEAP and residency, you must be registered with the College and hold the appropriate type of certificate. The College issues separate certificates for the PEAP and the residency.

To ensure that your certificate is issued in time for your start date, we recommend that you apply **at least four months** in advance and follow all instructions carefully. This recommendation ensures that supporting documentation is sent to the College in advance of your appointment.

For detailed information relating to the registration process and timelines, you must review the **General Guidelines** document available under Related Links on the Registration Applications and Forms page.

Note that part of our application process requires you to complete source verification of your medical degree with physiciansapply.ca.). **You should begin the source verification process immediately.**

Should you have any questions, please contact the Applications and Credentials Department at (416) 967-2617, Monday to Friday 9:00 am to 5:00 pm EST.

The College looks forward to receiving your application and wishes you a successful and rewarding training experience in Ontario.

Sincerely,

Applications and Credentials Department

This schedule contains detailed information regarding the requirements for registration:

- ☐ PART A - The requirements to be returned by you
- ☐ PART B - The requirements you must arrange to be completed by third parties.

All requirements in this schedule must be completed. Please follow instructions carefully.

**PART A:****REQUIREMENTS TO BE SENT BY APPLICANT****Application Form**

Your application form must be fully completed and the declaration on the last page must be signed. We do not take action on incomplete or e-mailed forms. Ensure that your photograph is full face, of passport size and quality, and taken within six months of completing the form. **Please ensure that you read the instructions and answer each question carefully.** Note that for every “Yes” response, in sections (a)-(g) must be explained in writing and supported by the required background documents or third-party reports.

In section (h), you will be required to report on exposure-prone procedures and blood-borne pathogens. For assistance with these questions, we strongly recommend that you review the CPSO policy on Blood Borne Viruses and FAQ.

Any conflicting or false responses will require written explanation.

Applications not completed after one year will be considered withdrawn.

**Evidence of Canadian Citizenship, Permanent Resident Status or Work Permit**

One of the following is required:

- i. Proof of valid Canadian citizenship in form of valid Canadian passport .
- ii. Copy of both sides of your Permanent Resident card issued by Citizenship and immigration Canada under the immigration and Refugee Protection Act.
- iii. Copy of a Canadian Work Permit issued under the immigration and Refugee Protection Act which permits you to undertake the specified practice. You will be provided with the work permit upon your arrival in Ontario by the Canadian immigration officials. For most applicants, submission of the work permit is one of the final requirements.

**Report from the National Practitioner Data Bank (NPDB)**

If you have practised medicine or taken postgraduate medical training in the United States, a “Self-Query” of NPDB is required.

You must submit to NPDB a Self-Query request for information disclosure, and then forward to the College the reports you receive from NPDB. If you receive a rejection notice from NPDB, do not forward it to the College. Instead, re-submit your Self-Query to NPDB.

Note that the Self-Query must be submitted through the NPDB website. For further instructions and to start the Self-Query process, go to <http://www.npdb.hrsa.gov/>.

**Disclosure of Criminal Record Information**

You are required to arrange for a criminal record check using the Canadian Police Information Centre (CPIC) database, which can be obtained from a municipal or provincial police service in Canada. A vulnerable persons check is always acceptable. Checks by third-party commercial vendors, including online vendors, and checks obtained from a service agency outside Canada are not accepted.

Ensure your criminal record check covers:

- i. Current and all previous names;
- ii. Convictions and current charges – both are required
- iii. Correct date of birth

Please refer to the “Guide for Acceptable Criminal Record Checks” posted on the College’s website for additional assistance. Select the Registration menu at the top, followed by Registration Applications and Forms and access the document on the right side of the page.

Once obtained, please forward your criminal record check results to the College. Do not wait for your results to submit with your application, as this will delay the processing of your file.

If your check indicates a possible match in the CPIC system, fingerprint verification from the Royal Canadian Mounted Police (RCMP) will be required to complete the screening process. You will be notified if this applies to you.

Applicants residing outside of Canada must take into consideration the Canadian criminal record check processing time of a minimum of 14 business days.

The results of a criminal record check remain valid 6 months from the date of issuance.

**Curriculum Vitae**

Your curriculum vitae must provide, at a minimum:

- i. Undergraduate medical education information and date of graduation
- ii. A listing, in chronological order (month/year) of all your postgraduate training appointments including, durations and level of training in every jurisdiction since graduation
- iii. A listing, in chronological order (month/year) of all your professional appointments and type of practice including names of hospitals and/or clinics, discipline, duration and location (please specify the city, province/state, country)
- iv. A listing of all your previous and current medical licenses including type, duration, licence number and jurisdiction
- v. A listing of specialist and other postgraduate examinations and qualifications

Any significant gaps in your training and practice history must be explained in the curriculum vitae and match dates provided in the application and the Declaration for Breaks in Training and Practice page of the application form.

**Medical Council of Canada Evaluating Examination (Or Qualifying Examination Part 1)**

A legible photocopy of a letter from the Medical Council of Canada confirming that you have passed the Evaluating Examination (or, if applicable, the Qualifying Examination Part 1).

**Exemption from PEAP and MCCEE (If Applicable)**

*If you currently hold an equivalent Educational licence in another Canadian province or territory (except Nunavut) your application will be reviewed under the provisions in the Ontario Regulated Health Professions Act relating to Agreement in Internal Trade (AIT). These provisions may exempt you from the usual requirement for PEAP and MCCEE.*

*If the Ontario medical school supports your exemption from PEAP on the basis of AIT-related provisions, please submit the following:*

1. Letter from Program Director. A letter is required from your current Program Director confirming dates of enrolment, discipline, expected date of completion and that you currently hold an educational licence. It should also confirm satisfactory completion of all training undertaken to date with no concerns relating to training performance or professional conduct. The letter must be current and sent directly to the College.
2. Photocopy of your current Education licence in the Canadian province where you are currently enrolled in postgraduate training. Your educational out-of-province licence must be valid up to your Ontario starting date.

**Payment of Fees (\$736.25)**

<b>Application Fee (non-refundable):</b>	<b>\$411.25</b>
<b>Membership Fee:</b>	<b>\$325.00</b>
Expedited fee (optional):	\$203.00

Fees must be submitted with your application. No assessment of your application will be made until the application fee is received. The application fee is **non-refundable** regardless of whether your application is incomplete, withdrawn or refused.

Note that for applicants who select the expedited assessment fee, the initial assessment for eligible applicants will be less than three weeks, which is currently the service standard. Note: expedited review does not include the time required to issue a certificate. Expedited review is not available for applications with past complaints or investigations by other medical licensing authorities or for applications that must be reviewed by the CPSO's Registration Committee. If you are not eligible for this fee, you will be notified by the CPSO.

Payment must be made using *Visa, American Express, MasterCard*, money order or certified cheque (payable to the College of Physicians and Surgeons of Ontario). Please use the form provided by the College to authorize payment of fees by *Visa, American Express* or *MasterCard*.

Personal cheques are not accepted.

Receipt of your payment of fees by the College does not confirm that you are eligible for registration nor does it confirm that your certificate of registration has been issued.

The application fee also includes Ontario Fairness Commissioner Registration Audit Recovery fee of \$5.

**Fees are subject to change. Applications are subject to fee amounts in effect at time of submission.**

**PART B:****REQUIREMENTS TO BE SENT BY THIRD PARTY ORGANIZATIONS**

- ❑ You must arrange for the documents below to be sent directly to the College by third party organizations.
- ❑ Source documents sent by you will be rejected.
- ❑ They must arrive by mail in an official, sealed and stamped envelope directly from the third party.
- ❑ Courier delivery is acceptable, but the documents inside the courier package must be in an official envelope that has been sealed by the source organization. Courier packages must be sent directly to the College.
- ❑ For all documents received by the College, not written in the English or French language, you will be asked to arrange for translation. Please refer to the General Guidelines document for information on acceptable translations.

**Letter of Appointment for Residency**

A signed and dated Letter of Appointment issued by the Postgraduate Medical Education office of the Ontario medical school at which you have an appointment as a resident. The Postgraduate office will send the Letter of Appointment to you for your signature. **You must return it to the Postgraduate office, not the College. The Postgraduate office will then forward it to the College on your behalf.**

The Letter of Appointment might not be available until later in the application process. Applicants should continue with completion of other requirements while waiting for the Letter of Appointment.

**Evidence of Standing**

Using the “Confirmation of Standing” form provided by the College, you must provide evidence of standing from the medical licensing authority in every jurisdiction where you have practised medicine, or have taken postgraduate training since graduating from medical school. If the form received does not cover your full period, a revised form will be required.

A certificate of standing is acceptable in lieu of a completed “Confirmation of Standing” form only if the licensing authority will not complete the Confirmation form and only if the certificate of standing attests to the same information as required on the Confirmation form.

If you were not required to hold a licence to practise or train medicine in a jurisdiction, you must arrange for a letter from your Program Director or Supervisor. It must be sent directly to the College in an official, sealed and stamped envelope. It must confirm the dates of your appointment, type of position, satisfactory performance and conduct, and that no registration or licensure was required.

For applicants who have trained in the United Kingdom, please ensure that the General Medical Council includes evidence of your Limited Registration.

**Verification of Observerships, Research, Health-Related Employment, etc.**

If you have undertaken any medical observerships, shadowing or research positions, please arrange for your supervisor or employer for each position to send a letter directly to the College confirming the dates of your position, duties, nature and extent of your involvement with patients, if any, and satisfactory performance.

A letter is not required for any such positions that were less than one year in duration.

If you were licensed by another regulated health authority, for example a nurse or pharmacist, arrange for evidence of standing to be sent directly to the College from the licensing authority.

**Inquiry Form for Board Action Search by the Federation of State Medical Boards**

If you have practised medicine or taken postgraduate medical training in the United States, a board action search by the Federation of State Medical Boards of the United States is required.

You must complete an Inquiry Form: Federation of State Medical Boards Action Data Bank form provided by the College and email it directly to the Federation of State Medical Boards at [boardinquiry@fsmb.org](mailto:boardinquiry@fsmb.org).

**Verification of Medical Degree by physiciansapply.ca (formerly Physician Credentials Registry of Canada)**

Your medical degree must be source-verified by [physiciansapply.ca](http://physiciansapply.ca) and shared with the College:

Step 1: Register with [www.physiciansapply.ca](http://www.physiciansapply.ca); Physiciansapply.ca source-verification is lengthy. You should start the process immediately.

Step 2: Complete the procedures for [physiciansapply.ca](http://physiciansapply.ca) to carry out source-verification of your medical degree.

Step 3: Share your document(s) with the College.

If you have already completed source verification (i.e. for purpose of licensure elsewhere in Canada) ensure that you share your verified credentials with the College by following the steps below:

Step 1: Log into your [physiciansapply.ca](http://physiciansapply.ca) account and click on “Share Tab” in the Main Menu on the left.

Step 2: Select the College of Physicians and Surgeons of Ontario (CPSO) from the list.

Step 3: Select the documents to you wish to share with the CPSO. We recommend selecting all documents.

Step 4: Click the “Save and Return to Homepage” button to activate the sharing or “Save and Return to List” should you wish to modify the list of organizations you wish to share with.

Once document sharing is activated, the selected documents and information can be viewed by the CPSO staff at any time.

If you establish that source verification of your medical degree through [physiciansapply.ca](http://physiciansapply.ca) will not be finalized before your training appointment begins, we recommend arranging for the medical school transcript to be sent DIRECTLY to the College as a temporary alternative. Issuance of your certificate will not be held up if we can confirm: 1) source verification is underway (Status: Sent/Resent for Source Verification) AND 2) the College receives transcript of your medical courses signed by the dean/registrar as a temporary alternative DIRECTLY from your medical school. All other credentialing requirements must also be completed.

We acknowledge that medical school transcripts worldwide are issued in different formats. The transcript should, however, at the very minimum, contain the following:

1. The dates you attended the school and date of graduation,
2. All courses of the curriculum and the courses you completed,
3. Your performance in courses and examination,
4. Your clinical clerkship performance (must also specify rotations and duration).

A legible photocopy of your medical school transcript sent directly to the College by your medical school will also be acceptable.

If your medical school does not issue transcripts in English or French, the College will accept translations accompanied by documents in original language only if received directly from the medical school and only if each page is dated and stamped by the medical school to verify the contents.

If you attended more than one medical school, an official transcript will be required from each school. You must also arrange for a letter from the first school confirming that your transfer was voluntary and that you were in good standing at the time of transfer.

In addition to the requirements set out in the regulation and/or policy, all applicants applying for registration in Ontario must satisfy the non-exemptible requirements in subsection 2(1) of [Ontario Regulation 865/93](#)

All IMGs with appointments to a residency in Ontario must complete a Pre-entry Assessment Program (PEAP). The PEAP must be taken at the Ontario medical school offering the residency.

The holder of a PEAP certificate of registration may practise medicine only:

- (a) *in a clinical teaching unit that is formally affiliated with the Ontario medical school and only as part of a system in which postgraduate trainees are regularly assigned by the program to that clinical teaching unit;*
- (b) *to the extent required to complete the pre-entry assessment program to which the holder is appointed; and*
- (c) *under a level of supervision that is determined to be appropriate for the holder and the program of medical education and assessment, by a member of the College designated by the director of the program; and*
- (d) *may not charge a fee for medical services.*

The PEAP must be a minimum of 4 and a maximum of 12 in duration. The PEAP certificate expires immediately upon completion of PEAP. The trainee must then cease practice and wait for the College to review the PEAP Final Assessment.

If PEAP is completed successfully, the College will issue a Postgraduate Education certificate for the clinical fellowship. Issuance of this certificate will normally occur on the next business day after the College receives the successful PEAP Assessment. However, the trainee must not begin the clinical fellowship until the College has officially notified the trainee that the Postgraduate Education certificate has been issued.

If PEAP is not completed successfully, the PEAP certificate immediately expires and cannot be re-issued. Enrolment in a subsequent PEAP in the same discipline is not permitted.

Following successful completion of PEAP, the College will issue a Postgraduate Education certificate of registration authorizing practice as a clinical fellow. This certificate will carry the following standard terms, conditions and limitations:

1. *The holder of this certificate shall practise medicine only as required by the postgraduate medical education program in which the holder is enrolled at [Ontario medical school];*
2. *The holder shall prescribe drugs only for in-patients or out-patients of a clinical teaching unit that is formally affiliated with the department where he or she is properly practising medicine and to which postgraduate trainees are regularly assigned by the department as part of its program of postgraduate medical education;*
3. *The holder shall not charge a fee for medical services;*
4. *The certificate expires on the earlier of the following times:*
  - a. *When the holder is no longer enrolled in a program of postgraduate medical education provided by a medical school in Ontario; or when*
  - b. *When the holder no longer holds Canadian citizenship, permanent resident status or a valid employment authorization under the Immigration Act (Canada).*

### **Renewal of Postgraduate Education Certificate**

Upon issuance of a certificate of registration, the applicant becomes a member of the College. Every Postgraduate Education certificate carries an expiry date, which is usually based on the academic year-end. If the training appointment is extended, it is the member's responsibility to renew the certificate. It is an offence to practise with an expired certificate.

## 10. PROFESSIONALISM, CONDUCT, CHARACTER AND SUITABILITY TO PRACTISE MEDICINE

Each question must be answered carefully and honestly. Clarify any uncertainties with the College before you answer the questions. If you do not fully understand what a question means or how it should be answered, contact the College for assistance.

Any errors, discrepancies or omissions in your answers, no matter how minor, will delay your application and may require review by the College's Registration Committee.

Ensure that you consider any past practice in Ontario when responding to the questions and that your responses are consistent with those in any previous application you have made to the College.

For every "Yes" response, you must provide sufficient explanation and documentation. Without this, the College cannot proceed with your application. Later in the process, the College may ask you for further explanation or documentation.

If the events or circumstances behind any "Yes" response raise reasonable doubts about whether you fulfill the registration requirements, your application must be referred to the Registration Committee for review.

Be assured, however, that not every "Yes" response requires Registration Committee review, and that in either case your honest and frank disclosure will be appreciated by the College.

The College has a **non-exemptible requirement** for registration that the conduct of the applicant, including the applicant's past conduct, affords reasonable grounds for belief that the applicant:

- (i) is mentally competent to practise medicine,
- (ii) will practise medicine with decency, integrity and honesty and in accordance with the law,
- (iii) has sufficient knowledge, skill and judgment to engage in the medical practice authorized by the certificate, and
- (iv) can communicate effectively and will display an appropriately professional attitude.

**12. CONSENT FOR RELEASE OF INFORMATION: MEDICAL INFORMATION NUMBER OF CANADA**

For the purpose of generating the Medical Information Number of Canada (MINC) number that will be permanently assigned to you or for checking the existing MINC number, completion of this part of consent section is required. Please read the details about the MINC system and answer the question below.

**Not Applicable - Consent provided with the previous application made to this College.**

A medical identification number system has been developed with the goal of providing a reliable means of identifying every individual in the Canadian medical education and practice systems.

A not-for-profit corporation (whose legal name is noted above), known as "MINC#NIMC", has been incorporated by the Federation of Medical Regulatory Authorities of Canada (FMRAC) and the Medical Council of Canada (MCC) for the sole purpose of administering the MINC number system.

A MINC number will be issued to all individuals (who consent in writing) at the time of their initial, even temporary, entry to any aspect of the Canadian medical education or practice systems, including undergraduate students, postgraduate trainees, applicants to the MCC examinations, and physicians of any registration status. Once assigned, an individual's MINC number will remain unchanged throughout his/her entire medical career. Assigned numbers will never be reused, even after the death of the individual. Individuals will carry the same MINC number, even if they leave Canada and return, move between jurisdictions or change registration status.

No information is encoded in an individual's MINC number, other than a country code (CA for Canada) and a profession code (MD for Medicine). The MINC number does not imply any special privilege, rights or status; it is simply a series of letters and numbers for identification purposes.

Upon the consent of an individual, the MCC or a provincial/territorial medical regulatory authority will submit personal information to MINC#NIMC as follows: name(s), gender, date of birth, country of birth and year and university of graduation (note: previous names if applicable and other identifiers if necessary to confirm identity may also be submitted), collectively referred to as the Core Information.

MINC#NIMC will use Core Information to either generate or confirm a MINC number for individuals and will retain the Core Information and its associated MINC number in its system for

the purposes of uniquely identifying individuals and ongoing identity confirmation by Prime Users and Licensed Users of the MINC system. Prime Users are the 12 medical regulatory authorities in Canada, as well as the MCC.

Not-for-profit and public sector organizations that are involved in the education, certification, licensure or professional practices of physicians in Canada may apply to MINC#NIMC for a license to use the MINC number system as a means of accurately identifying individuals with whom they have dealings, processing information relating to those individuals, and linking or exchanging physician information with other Licensed or Primary Users for Approved Purposes such as the compilation of statistics, the development of profiles, the administration of programs or benefits, the management of the health system and research.

Licensees agree to comply with MINC#NIMC's Privacy Code, with privacy, security and confidentiality provisions, and with applicable privacy legislation as part of their licensing agreements.

The MCC and the twelve Canadian medical regulatory authorities will have controlled access to both MINC numbers and Core Information in order to facilitate the performance of their regulatory responsibilities. The only information that shall be disclosed to Licensed Users shall be the MINC numbers for their own members.

For a more complete description of MINC#NIMC, including the details of its Privacy Code and a list of all Prime Users and Licensed Users and their approved uses, consult its website at [www.minc-nimc.ca](http://www.minc-nimc.ca), or contact MINC#NIMC directly at:

I have read and understand the above information, and consent to the release by the College of Physicians and Surgeons of Ontario of my Core information to MINC#NIMC for the purpose of generating a MINC number that will be permanently assigned to me or checking my existing Core Information with MINC#NIMC.

## CONFIRMATION OF STANDING BY MEDICAL LICENSING AUTHORITY

---

Completion of this form is required for the purpose of registration with the College of Physicians and Surgeons of Ontario (CPSO). The completed form must be returned directly to the CPSO by the medical licensing authority(ies) concerned. If necessary, please print additional copies.

The applicant is responsible to have the 3-page Confirmation of Standing by the Medical Licensing Authority form forwarded to the medical licensing authority in every jurisdiction where s/he practised medicine, postgraduate training appointments included. Note that an applicant for a Supervised Short Duration certificate of registration is required to arrange for confirmation of standing only from the medical licensing authority in the jurisdiction where s/he currently practices medicine.

For the purpose of registration with this College, the confirmation of standing from the jurisdiction where an applicant currently practices medicine remains valid for six (6) months from the date of issuance.

A certificate or letter of standing is acceptable in lieu of a completed Confirmation of Standing form only if the licensing authority will not complete the Confirmation form and only if the certificate or letter of standing attests to the same information as required in Part B of the Confirmation form.
