

PRACTICE ASSESSMENT REPORT

CLINICAL PRACTICE

NEW CONSULTATIONS/PRE-OPERATIVE MANAGEMENT

**INSTRUCTIONS**

Please consider the evidence found in the records and, through your interview with the physician, the appropriateness of the physician's actions in dealing with new patients or known patients who present a new complaint or condition. Pre-operative examinations, testing and treatments should be evaluated.

NEW CONSULTATIONS/PRE-OPERATIVE MANAGEMENT	APPROPRIATE(LY)	APPROPRIATE(LY) WITH SUGGESTIONS	CONCERNS	N/A
1. Information regarding the complaint, the physical examination, and treatment (including presumptive diagnosis) obtained from the referring physician is...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
2. The chief complaint(s) is clearly stated, the symptoms are adequately described, the duration of symptoms noted and a functional inquiry is performed...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
3. The physical examination performed with positive/negative physical findings is...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
4. The family and past history (including significant negative observations) are maintained...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
5. The investigation of the complaint/condition is...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
6. Review of current medication(s) is...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
7. Prescribed medications in type, dose, and duration are...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
8. Requested lab tests, x-rays, and other diagnostic investigations are clinically indicated and...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
9. Consideration of a differential diagnosis is...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10. The treatment plan is...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
11. Prior to the procedure, treatment alternatives, risk/benefits, potential complications, and side effects were discussed with the patient/substitute decision maker and documented...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
12. Requests for consultations (e.g., high risk patients are recognized) are...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
13. Follow-up of acute conditions is...	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
