

GENERAL ULTRASOUND – TECH REVIEW SHEET

For each criteria item place a: Check Mark to indicate YES/ "X" to indicate No/ N/A to indicate Not Applicable

Facility Name/IHF No. _____

GENERAL INFORMATION	Meets	Meets with Rec's	Does not Meet	N/A	Comments
Does the sonographer:					
<ul style="list-style-type: none"> Ensure patient examinations media contains patient name, ID#,type and date of examination? 					
<ul style="list-style-type: none"> Supplement clinical history if not provided by the referring physician? 					
<ul style="list-style-type: none"> Technologists scan only the areas they are certified (registered) in? 					
<ul style="list-style-type: none"> Ensure the examination includes interrogation of all relevant anatomy using appropriate transducers and gain settings? 					
<ul style="list-style-type: none"> Follow infection control policies? 					
<ul style="list-style-type: none"> Maintain patient privacy at all times? 					
<ul style="list-style-type: none"> Perform quality control procedures as per facilities policies? 					
<ul style="list-style-type: none"> Implement the facility's policies and procedures? 					
<ul style="list-style-type: none"> Is there a policy concerning transvaginal exams? Specifically when and when not to perform 					
During the observation of the ultrasound procedures has the technologist applied the following during the examination					
<ul style="list-style-type: none"> Total gain control set correctly? 					
<ul style="list-style-type: none"> Appropriate magnification? 					
<ul style="list-style-type: none"> Overall gain properly adjusted? 					
<ul style="list-style-type: none"> Focal zone set correctly? 					
<ul style="list-style-type: none"> Proper use of calipers? 					
<ul style="list-style-type: none"> Measurements documented? 					
<ul style="list-style-type: none"> Scan correctly annotated? 					
<ul style="list-style-type: none"> Scan through the entire organ appropriately? 					
<ul style="list-style-type: none"> Are the technologist work sheets suitable for all scanning regions? 					

Notes:
