

Pathway for RCPSC Practice Eligibility Route (PER) Candidates

You may be eligible under this pathway if you have:

An acceptable medical degree

Obtained the Licentiate of the Medical Council of Canada (LMCC) or successfully completed an [acceptable qualifying examination](#)

Been accepted into [RCPSC's Practice Eligibility Route](#).

LICENCE

Restricted certificate of registration to **practice under supervision at a specified location**

- Valid for up to three years while you complete RCPSC's time-in-practice requirements and successfully complete the RCPSC certification exam.

Please review [these resources](#) outlining the requirements for College-directed supervision.

LICENCE

You may apply for an **Independent Practice certificate** of registration once you have:

Completed all RCPSC exams
Fulfilled RCPSC time-in-practice requirements
Obtained RCPSC certification.

You may also be eligible for **Specialty Recognition** under the [CPSO Specialist Recognition Criteria in Ontario](#) policy.
