

# 2025 Quality Improvement Pilot

## Practice Improvement Plan Required Criteria

| <b>Problem Definition</b>      | <ul style="list-style-type: none"> <li>• The participating physician clearly defines a problem relevant to their practice area and setting</li> <li>• The participating physician clearly outlines a quantitative baseline measure that indicates the problem</li> <li>• The participating physician clearly articulates the importance of solving the problem (i.e. the “why” of needing a solution to the problem)</li> </ul>   |
|--------------------------------|---|
| <b>Intervention Developed</b>  | <ul style="list-style-type: none"> <li>• The participating physician clearly describes the specifics of how the problem could be solved (i.e. “how” the problem will be solved and using “what” resources)</li> <li>• The intervention described is within the participating physician’s locus of control to develop and implement</li> <li>• The participating physician clearly describes a timeline for implementing the intervention</li> </ul>   |
| <b>Evaluation Plan</b>         | <ul style="list-style-type: none"> <li>• The participating physician clearly defines a minimum of one quantitative metric or measure to evaluate the intervention’s impact on the problem</li> <li>• The participating physician clearly describes the means that evaluation measures will be monitored, inclusive of tools used to track progress and the frequency of metric review.</li> <li>• The participating physician clearly outlines the intended target state, showcasing the outcome that would demonstrate the intervention’s success</li> </ul> |
| <b>Quality of Care Impacts</b> | <ul style="list-style-type: none"> <li>• The participating physician outlines a minimum of two positive impacts to the quality of care or service delivery that results from solving the problem</li> </ul>   |
| Resulting Score                | Outcome & Next Steps  |
| <b>10</b>                      | Meets PIP expectations (Physician to receive letter confirming CPSO Quality Requirements have been met)   |
| <b>&lt;10</b>                  | Does not meet expectations (Physician to receive letter outlining gaps in PIP with requirement to resubmit a revised PIP within 10 business days)   |
